

## COTTON GROWERS HOLDING STAPLE

Notwithstanding a Short Crop,  
Buyers Paying But Little.

### THE PLANTERS WILL COMBINE

Will Come Together in Alachua Next Thursday for Purpose of Forming a Protective Association—Georgia and Florida Will be Represented.

Notwithstanding the fact that the production of cotton in the long staple or Sea Island belt is reported to be one-third short this season, it is also a fact that prices are lower for the staple than for several years. This condition of affairs should not exist, and the scarcity of cotton should have a tendency to increase rather than decrease the price.

It is intimated that the buyers have combined in an agreement on prices, although no one will venture to authenticate the statement. One gentleman from Alachua stated Saturday that a great deal of the cotton in that section is being held for better prices, and as a rule those holding the same have the advantage, in that they are not compelled to sell until the buyers decide to pay the prices asked. In the majority of cases the only growers selling are those who are under contract.

There has been ginned at Alachua so far this season about 1,100 bales, against 1,400 for the same period last year. The highest price paid so far this season, it is said, was eighteen cents, and the buyers have offered as low as fifteen cents per pound.

The long staple growers of Georgia and Florida expect to hold a meeting in Alachua on Thursday, November 2, when a protective association will be formed. The growers realize that the time has come when they must combine, if they expect to continue the cultivation of cotton to any financial advantage.

### MR. ORR IS PLEASED.

Thinks Gainesville and Gainesville People Are "To the Good."

Mr. Judson Orr and family, who recently arrived in the city from Newburg, W. Va., are temporarily located at 400 West Main street, where they will remain until Mr. Orr can secure possession of the property recently purchased, known as the Graham place, on the rock road, opposite the State University grounds.

Mr. Orr is very much impressed with Gainesville and its people, and good-naturedly expresses himself that they are "to the good." He was here for a short time last winter, and was so well pleased that he purchased property. "I have traveled considerably throughout the country," he remarked Saturday. "I have visited many towns and cities, and if I did not believe Gainesville, from every standpoint, was about the best I have seen, I would not have my family here now."

Mr. Orr is a prominent man politically, and for years was chairman of the Republican executive committee of his county. Speaking of his departure The Preston Leader, published at Kingwood, W. Va., devotes over half a column, and in that portion which will be of interest to the people of this section says:

"Mr. Judson Orr and family of Newburg left Kingwood on Sunday evening for Terra Alta, where they remained until Monday, when they departed over the R. & O. for Gainesville, Florida, their future home."

"Mr. Orr was down there last winter and was so well pleased with the Sunny South that he purchased property and decided to cast his lot with the Southern people amid perpetual flowers."

### Death of a Good Man.

Robert Henson of Hawthorn, eighty years of age and one of the most widely known and highly respected citizens of the East End, died at his home on Thursday and was buried on Friday.

Deceased was a veteran of the Civil War, having served the Confederate cause faithfully and efficiently. He was a member of the Methodist church, and possessed of a generous, Christian character. He has been a resident of Hawthorn for nearly half a century, and his demise is regretted by a large circle of friends.

## ANAEMIA

is thin blood. It causes pale faces, white lips, weak nerves and lack of vitality. A blood-enriching, fat producing food-medicine is needed. Scott's Emulsion goes to the root of the trouble, strengthens and enriches the blood, and builds up the entire system. For anaemic girls, thin boys, and enfeebled mothers, it is the standard remedy. It builds up and strengthens the entire system with wonderful rapidity.

### INJUNCTION WAS DISSOLVED.

Case of Seaboard Air Line vs. Southern Bell Has Been Dismissed.

The Sun contained a day or two recently an article to the effect that the Seaboard Air Line had caused to be issued a bill of injunction against the Southern Bell Telephone and Telegraph Company, restraining that company from crossing the plaintiff's tracks with its lines at Starke.

Attorney Evans Hailo, who represented the Southern Bell Company in the premises, stated Saturday that the injunction had been dissolved and the case dismissed.

### Doctors Said He Would Not Live.

Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better, and continued to improve until I was entirely well." J. W. McCollum & Co.

### Negroes and Children Cremated.

Asbury Park, N. J., Oct. 23.—The bodies of Isabelle Spivey, a negro, aged 34 years, and her three children, aged 10, 7 and 3, two girls and a boy respectively, were found in the burned ruins of their shanty under such circumstances as to lead the authorities to suspect that the two little girls were killed before the fire started. Owner Bennet, after an investigation, said he could not find the slightest reason to suspect foul play. The woman he says, apparently went to sleep and accidentally overturned the lamp. The fact that the skulls of two of the children were crushed in accounted for by the firemen walking on them. The bodies were discovered in a sudden mass of debris.

## LARGE ORDER FOR FREIGHT CARS

New York Central Orders 25,000, Which Are To Cost \$25,000,000.

Newport, R. I., Oct. 28.—The New York Central railroad placed orders yesterday with several manufacturing companies for a total of 25,000 freight cars, calling for the expenditures of \$25,000,000, says the Times.

This order exceeds that placed last week by the Pennsylvania railroad for 21,000 cars, which, until yesterday, was the largest order for equipment placed by a railroad in this country. The orders placed yesterday are for delivery all through the year 1906. These orders, it is said, do not represent the total of the Central's requirements. In all probabilities more cars will be provided for today. Contracts for this record-breaking amount of equipment were let yesterday by Vice President Brown, of the New York Central. The equipment will be divided between the New York Central itself and the Lake Shore and Michigan Southern. None of it is intended, so far as known, to the manufacturers for the Vanderbilt lines west of Chicago. Except the cars ordered from the pressed steel company, the order calls principally for wooden cars of the gondola and box varieties.

### A Novel Hospital Car.

Chicago, Oct. 28.—An especially designed hospital car of the Southern Pacific railway which was on exhibition at the Rock Island station yesterday, contains an operating room equipped with all appliances such as can be found in the most modern hospital. The car is equipped with a dietary kitchen to be used when the car is leased for the transportation of an invalid. Another novel feature is the arrangement of berths. When not in use these berths are sunk into the floor, leaving the entire floor space in the main section of the car free with movable chairs for seats.

### A Judicious Inquiry.

A well known traveling man who visits the drug trade, says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

### Sued for Leading Mob.

Cincinnati, O., Oct. 28.—A sensational suit, the echo of the lynching of William Thacker, at Flemingsburg, Ky., in 1903, was filed in the federal court of Covington yesterday by Mrs. Mary Thacker, the widow. She is suing George Gordon and other citizens of Flemingsburg for \$50,000 damages for mobbing her husband, who had been indicted for the killing of the son of Gordon. In the affidavit some sensational allegations are set forth. The most sensational charge is the one made by Thomas Wallingford that an arrangement existed between the mob and the jailer, Morris, to get the keys.

### How to Cure Corns and Bunions.

First, soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

### Cunliffe Pleads Guilty.

Pittsburg, Oct. 28.—Edward G. Cunliffe, the Adams Express robber, went into court and pleaded guilty to two charges of larceny, representing a theft of \$100,000. Sentence was suspended until Saturday. Cunliffe's action caused much surprise, as neither the Adams Express company nor the Pinkerton detective agency were represented in court. He has no counsel and the belief is growing that Cunliffe is mentally unbalanced.

### Manufacturing Plant Burns.

Coonersville, Ind., Oct. 28.—The plant of the Central Manufacturing company burned this morning. Loss \$50,000. The company manufactured bodies for automobiles and buggies. A large amount of partly finished material was burned.

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong medicine, a doctor's medicine. It cures hard cases, severe and desperate cases. Especially good in bronchitis, pleurisy, consumption. Ask your doctor all about this.

## CATARRH THE PLAGUE OF WINTER

Every Catarrh sufferer dreads the return of cold weather, for at the first cold breath of the season this plague of Winter is fanned into life with all its miserable symptoms. The nostrils are stopped up, and a constant dropping of mucus back into the throat keeps up a continual hawking and spitting, the patient has dull headaches, ringing noises in the ears and a half sick, depressed feeling all the time. Every inner lining and tissue of the body becomes inflamed, and secretes an unhealthy matter which is absorbed into the blood and distributed to all parts of the body, and the disease becomes constitutional. The catarrhal poison brings on stomach troubles, affects the Kidneys and Bladder, attacks the soft bones of the throat and head and if not checked leads to Consumption. A disease so deep-seated and dangerous cannot be washed out, neither can it be smoked away. Sprays, washes, inhalations, etc., are useless, because they only reach the membranes and tissues, while the real cause of the disease is in the blood. S. S. S. cures Catarrh because it attacks it through the blood; it goes into the circulation and drives out all unhealthy accumulations and catarrhal matter, and when this is done every part of the system receives a supply of rich, pure blood. Then the inflamed membranes and tissues heal, all discharge ceases, the depressed feeling of the body is relieved, and every symptom passes away. S. S. S. goes to the very root of the trouble, and by purifying and enriching the blood and building up the entire system, cures Catarrh permanently. If you have Catarrh do not waste time with local remedies, but begin S. S. S. and write for our book and any medical advice without charge.
